Activity scope

This document relates to student participation in Netball as a curriculum activity including the teaching of netball skills, team training and competition matches conducted by schools. Modified versions of netball such as Fun Net (5-7 years), Netta (8-10 years) and other games are not covered by this document.

Risk level

- Which students will be involved?
- What will the students be doing?
- What will the students be using?
- Where will the students be?
- Who will be leading the activity?
